

The TEMPO Communicator

Rick Sprott welcomes staff to the "Kickoff" meeting.

DAQ staff meet on October 20, 2005 to recognize the completion of Phase A and the kick-off of Phase B of the TEMPO project. The "Kick-off" meeting reviewed the accomplishments to date, updated staff of the status of the TEMPO project, and appraised staff of the future schedule of the project.

Wayne Winegar reviews the work that has been done so far. This includes the following: business process analysis report with business process recommendations, change management plan, and draft conceptual design. Wayne also explained that the objectives of phase B. Phase B includes such things as development of standard operating procedures, training, and staff support during and after TEMPO goes live.

John Jenks explains the role of the Implementation Team as well as introducing staff to a TEMPO kiosk. The kiosk will allow staff to become familiar with TEMPO. Two kiosks will be available to DAQ staff. One kiosk will be located on the first floor in the "water cubicle" by Regg Olsen's office and the other kiosk will be upstairs.

Tim Andrus explains the role of the Tigger Team. The Tigger Team is to review all DAQ data and determine who will be responsible for this data.

Cindy Beem and Bill Crowther illustrate how the Communication Team will assist staff during Phase B of the project. Staff can go to <U:\aq\COMMON\Tempo Implementation\Communication Team> to be updated on what is going on with the project.
